Faculty Development Program on Leadership Skills

Increasing internationalization in teaching is strongly supported by the Indian education sector and is considered vital for Indian institutions in developing India's capacity in research and innovation, driving up India's institutional ranking and increasing the quality of teaching and learning. Thus, enhancing the academic and intellectual environment in the institutions by providing faculty members with ample opportunities to pursue research and also to participate in seminars, conferences, workshops and CMEs has become vital for developing nations like India. Participation in such programmes would enable faculty members to update their research and pedagogical skills along with team work. With the aim of equipping faculty members with required skills and knowledge, DPCOP pursues the Faculty Development Program as its primary objective. The session was conducted under the guidance of honarable Chairman Shri Sagar Dhole Patil sir and respected Principal Dr Gunashekaran sir on 13th April 2023 for the teaching staff of DPCOP.
